BLACK MANAGEMENT FORUM
DEVELOPING MANAGERIAL LEADERSHIP

Vision: To be the foremost organisation in the development of managerial leadership and advancing socioeconomic transformation of organisations in Southern Africa and beyond.

- The BMF is a non- racial, thought leadership organisation founded in 1976, with the main purpose of influencing socio-economic transformation of our country, in pursuit of socio-economic justice, fairness and equity.
 - The BMF continues to be vocal on these aforementioned matters and has been keeping Corporate South Africa in check and encouraging participation of the broader South African stakeholders.
 - The organisation stands for the development and empowerment of managerial leadership primarily amongst black people within organisations and the creation of managerial structures and processes, which reflect the demographics, and values of the wider society.
 - Whereas the BMF is not apolitical but is non-partisan. The BMF is however not neutral on matters of transformation- We are pro-transformation.
-

-Our members are concerned about:

- 1) What will this claw back in the RCA mean for inflation?
 - 2) Can SMMEs survive the additional 30% increase in electricity price recovery?
 - 3) Increases in electricity translates into increases in overheads , our members feel that this impact will result in them having to retrench staff?
 - 4) Can Eskom find alternative ways to fund its costs rather than recover it from the consumers?
 - 5) What will happen if Government can no longer stand guarantor to Eskom, what will the impact be on the ordinary citizen?
 - 6) Will NERSA be considering feed in tariffs for business or households that want to move to off grid solutions?
 - 7) Is the RCA clawback of R66billion recovery to cover for lower tariff increases by NERSA?
 - 8) Are there plans to deregulate the energy sector in South Africa?
-

Thank You
